

[2025 International Conference on Artificial Intelligence and Machine Vision \(AIMV\)](#)

16 - 17 August 2025

AIMV 2025 is the 2nd International Conference on Artificial Intelligence and Machine Vision organized by Pandit Deendayal Energy University Gandhinagar. AIMV 2025 aims to bring together leading academicians, scientists, and researchers in the domain of interest from around the world to exchange and share their research experiences and results about all aspects of innovation and technology. This will provide a premier interdisciplinary forum for scientists, engineers, and practitioners to present their latest research results, ideas, and applications in all areas of computer/information Science, Electronics & Communication Engineering, Electrical Engineering, Computer/Information Science, and Biomedical engineering. The conference consists of invited lectures by experts and interactive sessions for high-quality contributory papers through oral and poster presentations. Students are encouraged through a reduced registration fee. The best Papers will be judged and awarded.

Location: Gandhinagar, India

Event Format: In-person

Sponsors: Gujarat Section; Pandit Deendayal Energy University

Call for Papers Deadline: 28 February 2025
